Last Mile

Underserved Communities
Solving the First and Last Mile Problem
GoCentennial Partnership

To qualify, your Line ride must start or end in the designated zone Mon - Fri 5:30 AM - 7 PM. Valid for a limited time.

- First and last mile partnership with City of Centennial, CO and Denver Regional Transit District
- Fully subsidized Line rides to or from light rail during commute hours
• Geofencing technology to create subsidy zone

• Lyft Access Mode featuring wheelchair accessible vehicles

• Telephone-based booking capability for people without smartphones
Every year, nearly 3.6 million Americans miss or delay medical care because they lack a ride to their appointments.
Costs are Skyrocketing

Operating expenditures for demand response services at selected transportation agencies

2000 to 2014
A new RIDE in Boston.

Lyft is bringing safe, on-demand ground transportation to customers of THE RIDE, the Massachusetts Bay Transportation Authority’s (MBTA) paratransit service.

Previously, these trips were required to be booked a day in advance. Now, eligible customers can sign up to enjoy our ridesharing service and request a ride in real-time.

Sign up to join our new pilot program. After you submit your information, Lyft and the MBTA will verify passengers’ eligibility. Eligible customers will receive an email with next steps to formally enroll in the program.
Helping Create a 21st Century Transit Network

- Agency can more efficiently schedule rides
- Cut costs per passenger trip
- Agency stays current with consumer preferences for mobile-based mobility
- More real-time transportation experience for passengers
Lyft Can Also Cut Vehicle Miles and Emissions

**Direct**
Vehicle occupancy + electrification

**Indirect**
Reduce car ownership, increasing use of transit and sustainable modes
