NOW, THEREFORE, BE IT RESOLVED AND ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

ARTICLE I SECTION 1.

That the State of Georgia is the owner of the hereinafter described real property in Baldwin County, Georgia, and that the property is in the custody of the Department of Behavioral Health and Developmental Disabilities, Department of Corrections, State Forestry Commission, and Department of Veterans Service (the custodial agencies) currently receiving water from the Central State Hospital water facility, which do not object to the granting of this easement, hereinafter referred to as the "easement area" and

that, in all matters relating to the easement area, the State of Georgia is acting by and through its State Properties Commission.

SECTION 2.

That the State of Georgia, acting by and through its State Properties Commission, may grant to the City of Milledgeville, or its successors and assigns, a nonexclusive easement for the operation and maintenance of a water utility system consisting of underground lines, pipes, water towers, fixtures, and the like on, over, under, upon, across, or through the easement area together with the right of ingress and egress over adjacent land of the State of Georgia as may be reasonably necessary to accomplish the aforesaid purposes. Said easement area is located in Baldwin County, Georgia, and is more particularly described as follows:

All that real property in the custody of the custodial agencies being approximately 4,153 acres shown on a drawing entitled "Central State Campus" dated 3/16/2011.

SECTION 3.

That the installation of any new water line or equipment on any state property within the easement area as necessary for the City of Milledgeville to carry out specific duties and services being transferred to the City of Milledgeville shall require advance approval from the affected custodial agency. No upgrades to, or replacement of, the utility shall be carried out without the accompaniment of a survey prepared and signed by a surveyor licensed in the State of Georgia or an engineered drawing designed and signed by an engineer licensed in the State of Georgia that more clearly defines the easement area associated with that water line. Prior to the granting of this easement, an agreement shall be executed concerning the operation and maintenance of existing and new water lines, facilities, and services between the City of Milledgeville and any affected custodial agencies.

SECTION 4.

That the above-described premises shall be used solely for the purpose of maintaining, repairing, inspecting, and operating said utility.

SECTION 5.

That the City of Milledgeville shall have the right to remove, or cause to be removed, from said easement area only such trees and bushes as may be reasonably necessary for the proper construction, operation, and maintenance of said utility.

SECTION 6.

That, after the City of Milledgeville assumes its aforementioned responsibilities for which this easement is granted, a subsequent abandonment of the use thereof shall cause a reversion to the State of Georgia, or its successors and assigns, of all the rights, title, privileges, powers, and easement granted herein. Upon abandonment, the City of Milledgeville, or its successors and assigns, shall not have the option of removing any

facilities in existence at the time this agreement was established or any facilities necessary for the unimpeded transfer of operational responsibilities that provide water to any state property currently receiving water service from the Central State Hospital water facility. Any facilities placed in the easement area and subsequently abandoned shall become the property of the State of Georgia or its successors and assigns.

SECTION 7.

That no title shall be conveyed to the City of Milledgeville and, except as herein specifically granted to the City of Milledgeville, all rights, title, and interest in and to said easement area is reserved in the State of Georgia, which may make any use of said easement area not inconsistent with or detrimental to the rights, privileges, and interest granted to the City of Milledgeville.

SECTION 8.

That if the State of Georgia, acting by and through its State Properties Commission, determines that any or all of the facilities placed on the easement area should be removed or relocated to an alternate site on state owned land in order to avoid interference with the state's use or intended use of the easement area, it may grant a substantially equivalent nonexclusive easement to allow placement of the removed or relocated facilities across the alternate site under such terms and conditions as the State Properties Commission shall in its discretion determine to be in the best interest of the State of Georgia, and the City of Milledgeville shall remove or relocate its facilities to the alternate easement area at its sole cost and expense, unless the State Properties Commission determines that the requested removal or relocation is to be for the sole benefit of the State of Georgia and approves payment by the State of Georgia of all or a portion of such actual cost and expense, not to exceed by 20 percent the amount of a written estimate provided by the City of Milledgeville. Upon written request, the State Properties Commission, in its sole discretion, may permit the relocation of the facilities to an alternate site on state owned land so long as the removal and relocation is paid by the party or parties requesting such removal and at no cost and expense to the State of Georgia. If an easement is relocated for any reason, the State Properties Commission is authorized to convey by quitclaim deed the state's interest in the former easement area.

SECTION 9.

That the easement granted to the City of Milledgeville shall contain such other reasonable terms, conditions, and covenants as the State Properties Commission shall deem in the best interest of the State of Georgia and that the State Properties Commission is authorized to use a more accurate description of the easement area so long as the description utilized by the State Properties Commission describes the same easement area herein granted.

SECTION 10.

That this resolution does not affect and is not intended to affect any rights, powers, interest, or liability of the Department of Transportation with respect to the state highway system, of a county with respect to the county road system, or of a municipality with respect to the city street system. The grantee shall obtain any and all other required permits from the appropriate governmental agencies as are necessary for its lawful use of the easement area or public highway right of way and comply with all applicable state and federal environmental statutes in its use of the easement area

SECTION 11.

That the consideration for such easement shall be water service provided by the City of Milledgeville to the custodial agencies; such water service shall be either free of charge or at a reduced fee and for a specified term as determined by the State Properties Commission. Central State Hospital water facility shall be conveyed in a separate agreement in which consideration shall not be less than the outstanding bond debt and such further consideration and provisions as the State Properties Commission may determine to be in the best interest of the State of Georgia.

SECTION 12.

That this grant of easement shall be recorded by the grantee in the Superior Court of Baldwin County and a recorded copy shall be forwarded to the State Properties Commission.

Upon written request, the State Properties Commission, in its sole discretion, may permit the relocation of the facilities to an alternate site on state owned land so long as the removal and relocation is paid by the party or parties requesting such removal at no cost and expense to the State of Georgia. If an easement is relocated for any reason, the State Properties Commission is authorized to convey by quitclaim deed the state's interest in the former easement area.

SECTION 22.

The grantee shall obtain any and all other required permits from the appropriate governmental agencies as are necessary for its lawful use of the easement area or public highway right of way and comply with all applicable state and federal environmental statutes in its use of the easement area.

SECTION 204.

That if the State of Georgia, acting by and through its State Properties Commission, determines that any or all of the facilities placed on the easement area should be removed or relocated to an alternate site on state owned land in order to avoid interference with the state's use or intended use of the easement area, it may grant a substantially equivalent nonexclusive easement to allow placement of the removed or relocated facilities across the alternate site, under such terms and conditions as the State Properties Commission shall in its discretion determine to be in the best interest of the State of Georgia, and Beasley Timber Management, LLC shall remove or relocate its facilities to the alternate easement area at its sole cost and expense, unless the State Properties Commission determines that the requested removal or relocation is to be for the sole benefit of the State of Georgia and approves payment by the State of Georgia of all or a portion of such actual cost and expense, not to exceed by 20 percent the amount of a written estimate

provided by Beasley Timber Management, LLC. Upon written request, the State Properties Commission, in its sole discretion, may permit the relocation of the facilities to an alternate site on state owned land so long as the removal and relocation is paid by the party or parties requesting such removal at no cost and expense to the State of Georgia. If an easement is relocated for any reason, the State Properties Commission is authorized to convey by quitclaim deed the state's interest in the former easement area.

SECTION 205.

That the easement granted to Beasley Timber Management, LLC shall contain such other reasonable terms, conditions, and covenants as the State Properties Commission shall deem in the best interest of the State of Georgia and that the State Properties Commission is authorized to use a more accurate description of the easement area so long as the description utilized by the State Properties Commission describes the same easement area herein granted.

SECTION 206.

That the consideration for such easement shall be for fair market value, not less than \$650.00, and such further consideration and provisions as the State Properties Commission may determine to be in the best interest of the State of Georgia.

SECTION 207.

That this grant of easement shall be recorded by the grantee in the Superior Court of Wheeler County and a recorded copy shall be forwarded to the State Properties Commission.

SECTION 208.

That the authorization in this resolution to grant the above-described easement to Beasley Timber Management, LLC shall expire three years after the date this resolution is enacted into law and approved by the State Properties Commission.

SECTION 209.

That the State Properties Commission is authorized and empowered to do all acts and things necessary and proper to effect the grant of the easement area.
