Reserved.

### **Section 52: Refunds**

In addition to all other appropriations, there is hereby appropriated, as needed,

a specific sum of money equal to each refund authorized by law, which is required to make refunds of taxes and other monies collected in error, farmer gasoline tax refunds, and any other refunds specifically authorized by law.

### **Section 53: Leases**

In accordance with the requirements of Article IX, Section III, Paragraph I(a) of the Constitution of the State of Georgia, as amended, there is hereby appropriated payable to each department, agency, or institution of the State sums sufficient to satisfy the payments required to be made in each year under existing lease contracts between any department, agency, or institution of the State and any authority created and activated at the time of the effective date of the aforesaid constitutional provision, as amended, or appropriated for the State Fiscal Year addressed within this Act. If for any reason any of the sums herein provided under any other provision of this Act are insufficient to make the required payments in full, then there shall be taken from other funds appropriated to the department, agency, or institution involved an amount sufficient to satisfy such deficiency in full, and the lease payment shall constitute a first charge on all such appropriations.

### **Section 54: Budgetary Control and Interpretation**

The appropriations of State Funds in this Act shall consist of the amount stated for each line at the most specific level of detail associated with the statement of Program Name and Program Purpose. The appropriations of Federal Funds and of Other Funds in this Act shall consist of the amount stated at the broadest or summary level of detail associated with the statement of Program Name and Program Purpose, and the more specific levels of detail shall be for information only. In the preceding sentence, "Federal Funds" means any federal funding source, whether specifically identified or not specifically identified; "Other Funds" means all other fund sources except State Funds and Federal Funds, including in Other Funds without limitation all Intra-State Government Transfers. Regardless of placement on the page, both the broadest or summary level of detail and the more specific detail of appropriations of Intra-State Government Transfers shall be deemed more specific levels of detail of Other Funds, and the broadest or summary amount shall be deemed added to the broadest or summary amount of the appropriation of Other Funds for the program.

Within this Act, Program Names appear as underlined captions, and Program Purpose appears immediately below as italicized text. Text within a box is not an appropriation but rather is for information only. The most specific level of detail for authorizations for general obligation debt in Section 50 shall be the authorizing paragraphs.

**Section 55: Flex**

Notwithstanding any other statement of purpose, the purpose of each appropriation of federal funds or other funds shall be the stated purpose or any other lawful purpose consistent with the fund source and the general law powers of the budget unit.

In the preceding sentence, "Federal Funds" means any federal funding source, whether specifically identified or not specifically identified; "Other Funds" means all other fund sources except State Funds or Federal Funds, including without limitation Intra-State Government Transfers. This paragraph shall not permit an agency to include within its flex the appropriations for an agency attached to it for administrative purposes.

For purposes of the appropriations for the "Medicaid: Low-Income Medicaid," "Medicaid: Aged, Blind, and Disabled," and "PeachCare" programs of the Department of Community Health, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added."
