_bill summary:_ House Bill 224 amends the investment tax credit, job tax credit, and quality jobs tax credit.

The investment tax credit is amended by increasing the minimum investment from $50,000 to $100,000 for all tiers. For Tier One and Tier Two counties, credits earned on or after January 1, 2020 must first be applied to at least 50 percent of the taxpayer's state income tax liability before up to $1,000,000 per year of excess credits may be taken as a credit against payroll withholdings. Unused credits claimed prior to January 1, 2019 shall be treated the same as new credits and allowed to be used against withholdings if, in Tier One counties, the taxpayer maintains at least 100 jobs in rural counties and purchases or acquires at least $5,000,000 of qualified investment property in rural counties and, in Tier Two counties, the taxpayer maintains at least 100 jobs in rural counties and purchases or acquires at least $10,000,000 of qualified investment property in rural counties. Rural counties are defined as a counties having a population of 50,000 or less and 10 percent or more of the population living in poverty. A statewide annual cap of $20,000,000 in aggregate for all taxpayers in the state is established for credits being used against payroll withholdings.

The bill also amends the job tax credit by revising the wage required to earn job tax credits. For counties designated as one of the first through fortieth least-developed counties in the state that have a population of less than 50,000 and a poverty rate of greater than 10 percent, the target wage is equal to 70 percent of the average wage earned in the county with the lowest average wage earned in this state. For Tier Two counties or Tier One counties that are not one of the first through fortieth least-developed counties in this state with a population of less than 50,000 and a poverty rate of greater than 10 percent, the target wage is equal to 90 percent of the average wage earned in the county with the lowest average wage earned in this state. The target wage for all other counties remains the average wage earned in the county with the lowest average wage earned in this state. The bill also provides an additional credit of $500 for each qualified new job created in a Tier One or Tier Two county with a population of less than 50,000 and a poverty rate of greater than 10 percent.

The job creation threshold for the quality jobs tax credit is also revised. For counties designated as Tier One by the commissioner of the Department of Community Affairs with a population of less than 50,000 and a poverty rate of greater than 10 percent, at least five new quality jobs must be created within one year. Counties designated as Tier Two by the commissioner of the Department of Community Affairs, with a population of less than 50,000 and a poverty rate of greater than 10
percent, must create at least 10 new quality jobs within one year. For all other counties in the state, the threshold remains 50 new quality jobs within two years.

HB 233 Pharmacy Anti-Steering and Transparency Act; enact

Bill Summary: House Bill 233 enacts the 'Pharmacy Anti-Steering and Transparency Act.' This act restricts a pharmacy licensed in or holding a non-resident pharmacy permit in Georgia from transferring or sharing records relative to prescription information containing patient and prescriber identifiable data to or from an affiliate for any commercial purpose.

Violations of Code Section 26-4-119 by a pharmacy will be grounds for disciplinary action by the board pursuant to its authority granted in this chapter. Additionally, pharmacies will be required to annually file with the Board of Pharmacy a disclosure statement identifying all affiliates.

HB 239 Georgia Business Court; establish

Bill Summary: This bill provides the general legislation for the statewide business court as approved by the constitutional referendum in 2018. The terms of court are the same as the Georgia Supreme Court. Except as otherwise provided under the Georgia Constitution, pretrial proceedings shall be held in Atlanta, the main office, or at the court's sole discretion, via teleconference; all trials shall be held in the county as determined according to traditional venue rules, unless otherwise agreed to by the parties. A judge shall appoint another court judge if there must be a recusal, and if one is not available, the Georgia Supreme Court shall order a sitting judge of the Court of Appeals, superior, or state court to sit by designation in that case.

The court shall not have jurisdiction over cases involving physical or emotional injury, residential landlord and tenant disputes, or foreclosures, but it will have jurisdiction over equity cases, regardless of the amount in controversy, related to: corporations; small business entities; internal affairs of businesses; sale of goods under the uniform commercial Code; securities; arbitration; licensing of any intellectual property right arising from e-commerce agreements involving commercial real property; and where the state and federal courts have concurrent jurisdiction. Cases may come before the court by: (1) a party filing in the court to initiate a civil action that has not already been filed in superior court or state court; (2) a party to an action already in state or superior court who files a transfer to the court within 60 days of all parties being served, or the case becomes transferable and filed within those 60 days and the judge finds the case within the court's authority and orders the transfer; or (3) all parties to an action already in a state or superior court agree to remove to the business court and file that agreement within 60 days of commencing the action in state or superior court. Upon proof of such transfer or removal the state court or superior court shall certify the transfer or removal.

An oath of office for the judge is provided. The salary for the judge is $174,500 and the judge sets the clerk's salary subject to appropriation by the General Assembly. The judge may be reimbursed like other state employees, including expenses for travel, if the judge resides 50 miles or more from the main office in Atlanta. Subject to Georgia Supreme Court approval, the judge of the court is empowered to create rules governing the business court, and to that end may empanel a commission of up to eight volunteer individuals to assist. The judge may appoint and remove law assistants, who are either admitted or in the process of being admitted to the bar. The court may also
purchase supplies, publications, and employ other staff as needed, and the clerk will pay them based on appropriations by the General Assembly. Appeals shall be made to the Court of Appeals, unless otherwise taken by the Supreme Court. The court is also authorized to grant relief by declaratory judgment. Proceedings shall be filed in the court as other proceedings are filed in superior court, and similarly trial shall not commence earlier than 20 days after services unless otherwise agreed to by the parties. Also, like superior court, the court has contempt authority.

HB 490  Banking and finance; payment of large deposits of deceased intestate depositors and the deposit of sums held for deceased intestate residents; make changes

**Bill Summary:** HB 490 amends the Code to change deposits relating to deceased depositors. When a person dies without a will and has no more than $15,000 deposited in a banking institution where deposits are federally insured, then the banking institution must receive an affidavit to be authorized to pay the proceeds of the deposit account directly to the surviving spouse. If there is no surviving spouse, then proceeds are authorized to go to the children pro rata; if there are no children or a surviving spouse, the proceeds go to the parents pro rata; or if none of the above exist, the proceeds go to the siblings of the decedent pro rata.

A form affidavit is provided. The affidavit must state that the individuals qualify as the proper relations to the decedent, there is no will, and no other known individual is making a claim to such deposit. If no application is made for the deposit within 45 days of the death of the intestate depositor, the banking institution has authorization to apply no more than $15,000 of the deposit to the funeral service and expenses associated with the illness which resulted in the patient's death. The banking institution must receive an itemized statement of those expenses and the affidavit of the provider of those services to verify whether they are true, correct, and have not been paid.

The bill provides that these payments will operate as a complete discharge of the banking institution from liability of any suit or claim by any heir, distributee, creditor of the decedent, or any other person. The banking institution may rely on the properly executed affidavit in disbursing these funds.

HB 444  Dual Enrollment Act; enact

**Bill Summary:** House Bill 444 renames the 'Move on When Ready Act' the 'Dual Enrollment Act'. House Bill 444 limits the number of credit hours the dual enrollment program will fund to 30 hours taken during fall and spring semesters, after which additional hours will be lottery-funded and count towards the students' HOPE/Zell Miller scholarship and HOPE grant maximum hours. The bill also limits grade-level participation to 11th and 12th graders; however, to continue producing a skilled workforce, 10th grade students may participate in dual enrollment courses provided by the Technical College System of Georgia.

House Bill 444 requires academic advising prior to entering into the dual enrollment program, after taking 15 credit hours, and when the student reaches 30 credit hours. Students may take a maximum of 16 credit hours per semester or quarter equivalent. Dual enrollment courses may be delivered at an eligible postsecondary institution, online, or on a high school campus; provided, however, the instructor must be an employee of the postsecondary institution or a high school teacher contracted as an adjunct faculty of the postsecondary institution.

For students currently enrolled in the dual enrollment program, courses taken during the 2019 summer semester will count toward their 30-hour credit hour cap in the dual enrollment program. For all other students, the 30 hours will begin during the fall term of the 2019-2020 academic school year.

The Georgia Student Finance Commission will administer the dual enrollment program and collect data to measure the success of the program. The commission, in consultation with the Office of Planning and Budget, will set the annual rate paid to eligible postsecondary institutions for dual enrollment courses and ensure private postsecondary institutions rate shall not be less than the current per credit hour rate as of February 1, 2019.

HB 311  State government; waiver of sovereign immunity as to actions ex contractu and state tort claims; provisions

Bill Summary: House Bill 311 provides a limited waiver of sovereign immunity for declaratory (a judicial determination without an award of damages) and injunctive relief (an order to prevent an act from occurring or from continuing to occur) against the state in Part 1 and against all other political subdivisions thereof, including counties and municipalities, in Part 2. Part 3 addresses the limited waiver for quiet title claims, which is the process used to clear any 'cloud' on the plaintiff's title to property and confirm the status of who owns the property brought in a court having jurisdiction over that property, against the state or its political subdivisions thereof. Part 4 addresses judgments and rulings deemed directly appealable with regard to sovereign immunity.

The waiver in Part 1 is limited to claims against the state, a state governmental entity, officer, or employee in his or her official capacity to remedy, through declaratory of injunctive relief, injuries caused or that may imminently be caused either in violation of state law, the Constitution of Georgia, or the Constitution of the United States or by enforcement of a state statute on the basis that the statute violates the Constitution of Georgia or the Constitution of the United States. The waiver applies only if the aggrieved person provides 30 days written notice to the attorney general of the aggrieved person's intent to file such a suit, the court is provided proof of service upon the attorney general or his or her designee and the state governmental entity that is charged with enforcing the state statute being challenged, and the suit for which notice has been provided is filed no later than 90 days after such notice has been provided. The bill neither alters nor amends any other waiver or prohibited waiver of sovereign immunity provided by state law nor applies to any claim for violations of federal law or brought in federal court; for monetary relief, attorney's fees, or expenses of litigation except as provided for abuses of litigation; contract claims; or brought by, or on behalf of, an individual in a penal institution or a state mental health facility.

Moreover, Part 1 clarifies official immunity for state officers and employees. State officers and employees shall not be subject to a suit in his or her individual capacity for performance or nonperformance of his or her official duties. Where a suit names a state officer or employee in his or her individual capacity, under proper motion the court shall substitute as the party defendant such officer or employee in his or her official capacity, unless the suit is expressly authorized by state statute or federal law or the suit alleges the officer's or employee's conduct was outside his or her scope of authority, unconstitutional, or illegal then official immunity is waived.
The waiver of sovereign immunity in Part 2 is limited to claims against a county, municipal corporation, consolidated government, or school district of this state to remedy, through declaratory or injunctive relief, injuries caused to an aggrieved person or that may imminently be caused either by such political subdivisions acting without lawful authority, beyond the scope of its official power, or in violation of the Constitution of Georgia, the Constitution of the United States, a state statute, a rule or regulation, or a local ordinance, or by the award of a proposed agreement with a political subdivision or an officer or employee in his or her official capacity so long as the suit is filed no later than 10 days from the date that the award is made public.

Similar to Part 1, the bill neither alters nor amends any other waiver or prohibited waiver of sovereign immunity provided by state law nor applies to any claim for violations of federal law or brought in federal court; for monetary relief, attorney's fees, or expenses of litigation except as provided for abuses of litigation; or contract claims. Also exempt from any waiver of sovereign immunity are claims brought by, or on behalf of, an individual in a penal institution or a state mental health facility. Official immunity of political subdivision officers is not addressed. Additionally, the bill clarifies that sovereign immunity is waived for claims against political subdivisions for breach of contract. Likewise, Part 2 creates a 30-day written notice requirement.

Additionally, the state and its political subdivision's defense of sovereign immunity, including municipal corporations, is waived in quiet title proceedings within Part 3. Where title to property or an instrument is held by the state or any state entity then in in such proceedings to clear title, notwithstanding any law to the contrary, the pleadings shall be served on the attorney general and the state or any department, agency, commission, board, authority, or entity thereof allegedly holding such title. If the attorney general does not file a responsive pleading in such actions then the court shall accept the state's acquiescence to the petitioner's filed claim for relief. Lastly, all judgments, orders, or rulings denying or refusing to grant immunity to one or more parties based upon sovereign, official, or qualified immunity are directly appealable to the Supreme Court of Georgia and the Court of Appeals, provided that the right to direct appeal shall not be exercised by any one party more than once in a case.

**HB 118** Crimes and offenses; transmitting a false alarm; revise offense

**Bill Summary:** House Bill 118 establishes the offense of making an unlawful request for emergency services assistance. A request for emergency services assistance is defined as a report; transmission; or request for assistance to a public safety agency; or to another person, knowing at the time of the report that the request is likely to result in the other person making a request to a public safety agency through a public safety answering point.
The bill also includes additional circumstances to what actions constitute making an unlawful request for emergency services. The new actions include requests that relate to an individual who allegedly has committed a criminal act involving the use or threat of physical force or violence or an act constituting an immediate threat to any person's life or safety, and the use of any electronic device or software to alter, conceal, or disguise, or attempt to alter, conceal or disguise the location or identity of the person making the request. Under the amended Code section, if bodily harm or death results from the response of a public safety agency, the offender is guilty of a felony. Once convicted, the sentence is imprisonment of at least one year but not more than 10, a fine of at least $5,000, or both.

**Law enforcement officers and agencies; comprehensive regulation of trauma scene cleanup services; provide**

**Bill Summary:** House Bill 417 provides for the regulation of trauma scene cleanup services.
