SB 38  Courts; electronic filing requirements of superior and state courts; certain types of filings; exclude
Bill Summary: SB 38 provides a method for the abolition of a county police department and transfer the law enforcement functions of that department to the sheriff of the county. A county police department may be abolished by a local Act of the General Assembly or by a resolution of the governing authority of the county. Any local Act or resolution must be approved by the electors of the county. If approved, the county police department shall be abolished 180 days following the referendum. At such time all property, equipment, records, documents, funds, and other items in the possession or control of the county police department shall be transferred to the sheriff of the county. This Act is repealed on January 1, 2022.

SB 315  Mechanics and Materialmen; waiver and release of lien and bond rights/other remedies under the law; provide

Bill Summary: SB 315 increases the time requirement for payment of a lien from 45 to 90 days. Limited waivers and releases of liens do not affect other rights or remedies made by the claimant. The bill includes the appropriate updated forms to be used upon interim payments.

SB 316  Military Spouses; licensed in other states to practice certain professions; obtain a license by endorsement to practice in this state; provide

Bill Summary: Senate Bill 316 requires professional licensing boards to issue an expedited license to a military spouse or transitioning service member who holds a current license, in good standing, with another state; examinations to demonstrate required knowledge may be required.

SB 336  License Plates; eligibility for certain members of the military to receive special license plates; expand

Bill Summary: Senate Bill 336 adds the Meritorious Service Medal to the list of military medals that are available for special license plates. The bill creates a special and distinctive license plate for past or present members of United States Army Ranger units or graduates of the United States Army Ranger School.

SB 346  State Board of Veterinary Medicine; membership; increase; registered veterinary technician member; authorize

Bill Summary: SB 346 authorizes the State Board of Veterinary Medicine to operate a professional health program to provide monitoring and rehabilitation services to impaired veterinarians in the state. A veterinarian is considered "impaired" if the individual is unable to practice due to illness, use of alcohol, drugs, narcotics or chemicals, or any mental or physical condition. The bill allows for the office of the Secretary of State, on behalf of the State Board of Veterinary Medicine, to enter into a contract to provide the services. Any impaired veterinarian who chooses to participate in the program must pay all associated costs. Information provided to the board regarding the monitoring or rehabilitation of veterinarians is to be considered privileged and confidential.

The bill adds a seventh member to the State Board of Veterinary Medicine. The member must be a registered veterinary technician who has practiced for at least five years. The initial term of the member is to expire on June 30 of the fifth calendar year following the effective date, with each successor serving five-year terms.

SB 405  Superior Courts of the Cobb Judicial Circuit; eleventh judge; provide

**Bill Summary:** Senate Bill 405 allows for juries consisting of less than 12 persons, but not less than six persons, beginning July 1, 2020, and ending June 30, 2021. In all civil actions in the state courts where a jury is impaneled, an action may be tried by a jury of fewer than 12 persons but no fewer than six persons at the discretion of the trial judge or by consent of the parties, regardless of either party demanding prior to the commencement of the trial term that the case be tried by a jury of 12 persons.

In all civil actions in the superior courts where a jury is impaneled, the parties may consent to a panel of 12 jurors from which to select a jury. When one or more of the regular panel of jurors is absent or disqualified for any reason, the judge, at the request of counsel for either party, shall cause the panel to be filed by additional jurors to the number of 12 before requiring the parties to strike a jury.

When any person stands indicted for or accused of a felony offense, only with the consent of the parties, the superior court shall impanel sufficient jurors so that no fewer than six jurors are qualified to try the case.

SB 407  Forest Resources and Other Plant Life; harvest and sale of palmetto berries; regulate

**Bill Summary:** SB 407 provides for the harvest and sale of saw palmetto berries. A saw palmetto berry seller must obtain a certificate of harvest from a landowner indicating permission for harvest to sell to a saw palmetto berry dealer. A saw palmetto berry dealer that purchases berries directly from a landowner must obtain a certificate of harvest from the landowner. Any person that participates in the procurement of saw palmetto berries shall maintain a legible record of all activities and purchase transactions for no less than two years from the date of harvest.

Law enforcement or the director of the State Forestry Commission may issue an order to stop harvest, sale, or use if there is an indication that an individual is in violation of the provisions for the harvest and sale of saw palmetto berries. The berries must be released if proof of the requirements being met are provided to law enforcement or the director. If the violation is upheld by the superior court of the county in which the saw palmetto berries are found, the berries shall be destroyed.

The following violations are considered misdemeanors that may be punished by a fine of no more than $1,000: the sale of saw palmetto berries to a berry dealer or seller without first obtaining a certificate of harvest; the harvest of saw palmetto berries without obtaining a certificate of harvest.
from the landowner; the purchase of saw palmetto berries without obtaining a landowner's certificate of harvest; or knowingly possessing saw palmetto berries that were harvested illegally. A person that knowingly purchases or sells saw palmetto berries valued at less than $1,500 without a landowner's certificate of harvest may be guilty of a misdemeanor punishable by either or both a fine equal to the value of the berries and/or up to one year imprisonment. If the value of the saw palmetto berries exchanged exceeds $1,500, the person that knowingly purchased or sold the berries may be punished by either or both a fine equal to the value of the berries, up to $5,000, and imprisonment of up to three years.

Banking and Finance; duties, powers, and responsibilities relative to industrial loans from the Industrial Loans Commissioner to Department of Banking and Finance; transfer  
Bill Summary: Senate Bill 462 transfers the powers, functions, and duties related to industrial loans, renamed in the bill as "installment loans," from the Office of the Insurance Commissioner to the Department of Banking and Finance; effective July 1, 2020. "Installment loans" are defined as any contract or agreement to make a loan to an individual in an amount of $3,000 or less, including the renewal or refinancing of any such loan.

The bill provides procedures for the application, maintenance, and renewal of licenses to engage in the business of making installment loans. Detailed authorities of the department are also established and clarified relating to: the investigation and examination of any applicant or licensee; the issuance, suspension, or revocation of any license; and the department's participation in, and utilization of, the Nationwide Multistate Licensing System and Registry.

In the event that a licensee fails to remit the required tax payable to the department on the total amount of interest on any loan collected by a licensee, already required under the Code, the tax will now bear interest at the rate of one percent per month and begin accruing from the date the tax is due until the date the tax is paid.

When applying for a license, applicants are required to provide a corporate surety bond issued by a bonding company or insurance company in the aggregate amount of $25,000 for the primary location

**SB 249** Peace Officers' Annuity and Benefit Fund; amount of monthly dues paid; increase; amounts collected from fines; revise

**Bill Summary:** SB 249 allows jail officers who are certified by the Georgia Peace Officer Standards and Training Council to become members of the Peace Officers' Annuity and Benefit Fund. The monthly member contribution increases from $20 to $25 per month. The benefit increases from $17.50 to $25.15 for each full year of creditable service on July 1, 2020, and automatically increases to $30 per month for each year of creditable service on July 1, 2021. SB 249 revises the fee structure for forfeited and collected bonds in any quasi-criminal case from a graduated fine to the greater of $10 or 10 percent. The bill also revises fees collected before pretrial diversion in any quasi-criminal case to $5 or five percent, whichever is greater. This bill is certified by the Georgia Department of Audits and Accounts as a fiscal retirement bill. The actuarial investigation determines the first-year cost is $13,798,000, with an estimated total cost to the fund of $27,838,000; however, the new fee structure generates $29,772,000 in revenue, and the fund will continue to meet minimum funding standards.

SB 310  Professions; regulations; provide; certain boxing, wrestling, and martial arts associations and federations; provisions

Bill Summary: SB 310 provides for the profession and licensure of professional structural engineers governed by the Board of Professional Engineers and Land Surveyors. The bill outlaws any persons other than professional structural engineers to practice or offer structural engineering in the state. To be eligible for a certificate of registration as a professional structural engineer, an applicant must meet the following requirements: obtain a certification by the board as an engineer-in-training; have no less than four years of experience in structural engineering that is satisfactory to the board; and pass a board-approved written exam. Any applicant who seeks a certificate of registration as a professional structural engineer prior to January 1, 2021 and already holds a valid board certificate as a professional engineer; has a record of primary practice of structural engineering; and is currently engaged in the practice of structural engineering, may submit a signed affidavit to the board to determine if their qualifications meet the requirements for this certificate.

SB 318  Education; public forums at public institutions of higher education; provide

Bill Summary: SB 318 is the ‘Forming Open and Robust University Minds (FORUM) Act’. The bill provides that the unrestricted outdoor areas of the campuses of the University System of Georgia and the Technical College System of Georgia's institutions are public forums for their campus communities. The institutions will not prohibit expressive activities in those areas or designate any campus areas as a “free speech zone”. Institutions may maintain and enforce restrictions for expression so long as the restrictions are tailored to serve a significant institutional interest and employ criteria that is clear, published, neutral, and provides ample alternative means for expression. Restrictions must also allow the community to assemble spontaneously and to distribute literature.

Individuals may engage in expressive activities that do not materially and substantially disrupt the functions of the institution. Disruptions do not include conduct protected by the First Amendment of the United States Constitution. The bill does not prevent an institution from prohibiting student-on-student harassment or unlawful activities.

Institutions may not discriminate against, deny any benefits or privileges available to, or deny recognition to any active or proposed student organization based on actual or anticipated activities. Policies, regulations, and expectations of student expression on campus will be made public by the institution. The institutions will also develop materials, programs, and procedures regarding student expression for all individuals responsible for the education or discipline of students.

The State Board of the Technical College System of Georgia will publish an annual report related to its actions on free expression. The report will be shared with the governor and General Assembly on July 1 of each year.

SB 443  Garnishment Proceedings; revise; uniform procedures for garnishment actions; provide

Bill Summary: Senate Bill 443 amends Chapter 4 of Title 18 of the Code, relating to garnishment proceedings, to revise and provide uniform procedures for garnishment actions. The bill states that the 'Civil Practice Act' only applies automatically to garnishment proceedings in state and superior courts and that a person or entity not originally named as a garnishee in an action may not be added as a garnishee by any amended pleading absent a showing that such amended pleading was done to correct or clarify the identity of an intended garnishee.

The bill clarifies what costs may be added to subsequent garnishment balances and that a secured creditor holding collateral, including funds, while any balance is still owed need not deliver the collateral to a garnishment, even if the entire balance is not then due.

Notably, the length of continuing garnishments is extended from six months to three years.

The definition of "private student loan" is established to differentiate these loans from federal student loans. The maximum amount to be deducted from disposable earnings when the garnishment is based on a judgment originating from a private student loan is reduced.

The bill provides when a garnishee may answer a summons without liability for lack of knowledge of a defendant's disposable earnings. If the summons of garnishment states that it is a garnishment based on a private student loan, the garnishee will be deemed to have knowledge of this and is responsible to adjust garnishment accordingly. A new form is created for a plaintiff and defendant to voluntarily lower the garnishment.

Regarding notice, the earliest time for service of notice of a garnishment is identified, return receipt requirements are removed, and statutory service of notice on a defendant is conditioned on a proper attempt to serve, as opposed to proof of completed service. A defendant's actual timely notice of a garnishment satisfies notice requirements. The bill clarifies that before being permitted to satisfy the notice requirement by regular mail, a plaintiff must state under oath that a defendant resides outside the state, has departed the state, cannot be found within the state, or has concealed his or her place of residence. Finally, the filing of a certificate of compliance with service methods now satisfies prerequisites for the disbursement of funds or possible judgment.

Exceptions to current time limits for an additional or renewed summons in a single garnishment are added to accommodate for the extended length of continuing garnishments. Procedures for the treatment of certain funds remaining in the registry of the court, and the subsequent distribution to a plaintiff, are provided.

The bill clarifies that an answer, which may be e-filed, may be sent to the court separately but concurrently with the sending of any funds disclosed in such answer to be owed. When a garnishee is a financial institution (i.e. when a defendant is a bank employee) and is served with a continuing garnishment, the accounts of the defendant are only subject to the length of a financial institution garnishment.

The bill provides that the amount a garnishee pays concurrently when filing an answer shall be, under certain circumstances, paid directly to the plaintiff.

An exception is created to any mandatory e-filing requirements to allow garnishees to file, and courts to accept, paper answers of garnishment. Payroll providers are authorized to file an answer of garnishment on behalf of an entity garnishee. The bill specifies that statutory expenses/fees do not interfere with any contractual arrangement for a garnishee to reimburse itself for the costs of legal processing due to a garnishment.

Orders disbursing funds are included, along with judgments, as a bar to subsequent claims to funds by a defendant. Courts may decline to hear any defendant's claim that is filed after the dismissal of a garnishment action against such defendant. Except in a continuing garnishment, a court may decline to hear any claim by a defendant which comes after a judgment is entered an order to disburse funds is issued, or money or other property is distributed by the court. No claim by a defendant can succeed if it was capable of being raised and adjudicated in any claim previously made in the same
garnishment action by the defendant.

Plaintiffs may file a traverse in response to a garnishee's motion to modify a default judgment, stating that the motion is untrue or legally insufficient. When doing so, the plaintiff bears the burden of proving that the motion was not timely, that the costs to accompany such motion were not paid or incorrect, or that the total of money or property identified within the garnishee's motion as belonging to the defendant was incorrect. If the court finds that a plaintiff's traverse lacked reasonable justification, the court shall award the garnishee a judgment against the plaintiff for the costs incurred in connection with the traverse.

Discretion is removed so a court may not disallow a summons of garnishment to be amended when amount show to be due on a plaintiff's affidavit is incorrect.

When considering whether a garnishee should be relieved from liability for failure to file an answer the court must now consider any information or circumstances. The bill distinguishes limited protections afforded to plaintiffs, who initiate garnishments, and broader protection for garnishees, who comply with garnishments. Protections for garnishees are expanded to include protection from liability when determining the validity of the form of the summons served compared to the garnishment sought.

The costs required for a garnishee to modify a default judgment in cases where garnishees were paying or repaying costs of appeal by other garnishees are clarified.

The bill expands the individuals against whom a plaintiff is entitled to the process of continuing garnishments, and continuing garnishments for support, to include any garnishee "who is under periodic obligations for payment to" a defendant (i.e. an independent contractor relationship). Answer requirements are clarified for garnishees when the employment relationship with a defendant is terminated or when obligations to the defendant are no longer anticipated.

Finally, the bill provides updated forms conforming to the amendments and changes provided throughout the bill.

**SB 482**  
Office of Health Strategy and Coordination; state all-payer claims database; establishment of an advisory committee; provide

**Bill Summary:** Senate Bill 482 establishes the Georgia All-Payer Claims Database (GAPCD). Claims data is the information included in an institutional, professional, or pharmacy claim for a covered individual, including the amount paid to a provider of health care services, plus any amount owed by the covered individual.

Additionally, the bill creates an advisory committee to make recommendations regarding the creation of the framework and implementation plan for the GAPCD to facilitate the reporting of health care data. The committee will make initial recommendations to the director of the Office of Health Strategy and Coordination no later than March 1, 2021. The objective of the GAPCD is to facilitate data-driven and evidence-based improvements in access, quality, and cost of health care in order to understand health care expenditure patterns.

The committee will conduct an evaluation of the GAPCD at least every five years to ensure these purposes are met.

The director will seek funding for the creation of the all-payer health claims database and report to the governor and General Assembly on the status of the funding effort and final data elements recommended by the advisory committee no later than March 15, 2021. The GAPCD will be created if sufficient funding is received through gifts, grants, donations, or appropriations on or before January 1, 2022.

SB 318 Education; public forums at public institutions of higher education; provide

Bill Summary: SB 318 is the 'Forming Open and Robust University Minds (FORUM) Act'. The bill provides that the unrestricted outdoor areas of the campuses of the University System of Georgia and the Technical College System of Georgia's institutions are public forums for their campus communities. The institutions will not prohibit expressive activities in those areas or designate any campus areas as a "free speech zone". Institutions may maintain and enforce restrictions for expression so long as the restrictions are narrowly tailored to serve a significant institutional interest and employ criteria that is clear, published, neutral, and provides ample alternative means for expression. Restrictions must also allow the community to assemble spontaneously and to distribute literature.

Individuals may engage in expressive activities that do not materially and substantially disrupt the functions of the institution. Disruptions do not include conduct protected by the First Amendment of
the United States Constitution. The bill does not prevent an institution from prohibiting student-on-student harassment or unlawful activities.

Institutions may not discriminate against, deny any benefits or privileges available to, or deny recognition to any active or proposed student organization based on actual or anticipated activities. Policies, regulations, and expectations of student expression on campus will be made public by the institution. The institutions will also develop materials, programs, and procedures regarding student expression for all individuals responsible for the education or discipline of students.

The State Board of the Technical College System of Georgia will publish an annual report related to its actions on free expression. The report will be shared with the governor and General Assembly on July 1 of each year.

SB 443  Garnishment Proceedings; revise; uniform procedures for garnishment actions; provide

Bill Summary: Senate Bill 443 amends Chapter 4 of Title 18 of the Code, relating to garnishment proceedings, to revise and provide uniform procedures for garnishment actions. The bill states that the 'Civil Practice Act' only applies automatically to garnishment proceedings in state and superior courts and that a person or entity not originally named as a garnishee in an action may not be added as a garnishee by any amended pleading absent a showing that such amended pleading was done to correct or clarify the identity of an intended garnishee.

The bill clarifies what costs may be added to subsequent garnishment balances and that a secured creditor holding collateral, including funds, while any balance is still owed need not deliver the collateral to a garnishment, even if the entire balance is not then due.

Notably, the length of continuing garnishments is extended from six months to three years.

The definition of "private student loan" is established to differentiate these loans from federal student loans. The maximum amount to be deducted from disposable earnings when the garnishment is based on a judgment originating from a private student loan is reduced.
The bill provides when a garnishee may answer a summons without liability for lack of knowledge of a defendant's disposable earnings. If the summons of garnishment states that it is a garnishment based on a private student loan, the garnishee will be deemed to have knowledge of this and is responsible to adjust garnishment accordingly. A new form is created for a plaintiff and defendant to voluntarily lower the garnishment.

Regarding notice, the earliest time for service of notice of a garnishment is identified, return receipt requirements are removed, and statutory service of notice on a defendant is conditioned on a proper attempt to serve, as opposed to proof of completed service. A defendant's actual timely notice of a garnishment satisfies notice requirements. The bill clarifies that before being permitted to satisfy the notice requirement by regular mail, a plaintiff must state under oath that a defendant resides outside the state, has departed the state, cannot be found within the state, or has concealed his or her place of residence. Finally, the filing of a certificate of compliance with service methods now satisfies prerequisites for the disbursement of funds or possible judgment.

Exceptions to current time limits for an additional or renewed summons in a single garnishment are added to accommodate for the extended length of continuing garnishments. Procedures for the treatment of certain funds remaining in the registry of the court, and the subsequent distribution to a plaintiff, are provided.

The bill clarifies that an answer, which may be e-filed, may be sent to the court separately but concurrently with the sending of any funds disclosed in such answer to be owed. When a garnishee is a financial institution (i.e. when a defendant is a bank employee) and is served with a continuing garnishment, the accounts of the defendant are only subject to the length of a financial institution garnishment.

The bill provides that the amount a garnishee pays concurrently when filing an answer shall be, under certain circumstances, paid directly to the plaintiff.

An exception is created to any mandatory e-filing requirements to allow garnishees to file, and courts to accept, paper answers of garnishment. Payroll providers are authorized to file an answer of garnishment on behalf of an entity garnishee. The bill specifies that statutory expenses/fees do not interfere with any contractual arrangement for a garnishee to reimburse itself for the costs of legal processing due to a garnishment.

Orders disbursing funds are included, along with judgments, as a bar to subsequent claims to funds by a defendant. Courts may decline to hear any defendant's claim that is filed after the dismissal of a garnishment action against such defendant. Except in a continuing garnishment, a court may decline to hear any claim by a defendant which comes after a judgment is entered an order to disburse funds is issued, or money or other property is distributed by the court. No claim by a defendant can succeed if it was capable of being raised and adjudicated in any claim previously made in the same garnishment action by the defendant.

Plaintiffs may file a traverse in response to a garnishee's motion to modify a default judgment, stating that the motion is untrue or legally insufficient. When doing so, the plaintiff bears the burden of proving that the motion was not timely, that the costs to accompany such motion were not paid or incorrect, or that the total of money or property identified within the garnishee's motion as belonging to the defendant was incorrect. If the court finds that a plaintiff's traverse lacked reasonable justification, the court shall award the garnishee a judgment against the plaintiff for the costs incurred in connection with the traverse.

Discretion is removed so a court may not disallow a summons of garnishment to be amended when amount show to be due on a plaintiff's affidavit is incorrect.

When considering whether a garnishee should be relieved from liability for failure to file an answer the court must now consider any information or circumstances. The bill distinguishes limited protections afforded to plaintiffs, who initiate garnishments, and broader protection for garnishees, who comply with garnishments. Protections for garnishees are expanded to include protection from liability when determining the validity of the form of the summons served compared to the
garnishment sought.

The costs required for a garnishee to modify a default judgment in cases where garnishees were paying or repaying costs of appeal by other garnishees are clarified.

The bill expands the individuals against whom a plaintiff is entitled to the process of continuing garnishments, and continuing garnishments for support, to include any garnishee "who is under periodic obligations for payment to" a defendant (i.e. an independent contractor relationship). Answer requirements are clarified for garnishees when the employment relationship with a defendant is terminated or when obligations to the defendant are no longer anticipated.

Finally, the bill provides updated forms conforming to the amendments and changes provided throughout the bill.

**SB 482**  
Office of Health Strategy and Coordination; state all-payer claims database; establishment of an advisory committee; provide

**Bill Summary:** Senate Bill 482 establishes the Georgia All-Payer Claims Database (GAPCD). Claims data is the information included in an institutional, professional, or pharmacy claim for a covered individual, including the amount paid to a provider of health care services, plus any amount owed by the covered individual.

Additionally, the bill creates an advisory committee to make recommendations regarding the creation of the framework and implementation plan for the GAPCD to facilitate the reporting of health care data. The committee will make initial recommendations to the director of the Office of Health Strategy and Coordination no later than March 1, 2021. The objective of the GAPCD is to facilitate data-driven and evidence-based improvements in access, quality, and cost of health care in order to understand health care expenditure patterns.

The committee will conduct an evaluation of the GAPCD at least every five years to ensure these purposes are met.

The director will seek funding for the creation of the all-payer health claims database and report to the governor and General Assembly on the status of the funding effort and final data elements recommended by the advisory committee no later than March 15, 2021. The GAPCD will be created if sufficient funding is received through gifts, grants, donations, or appropriations on or before January 1, 2022.
