Motions to Agree

HB 426  Criminal procedure; imposition of punishment for crimes involving bias or prejudice; revise criteria

Bill Summary:  HB 426 is the “hate crime” legislation. The bill requires that the prosecution must give notice to the defendant that an enhanced penalty is being sought. If the court determines beyond a reasonable doubt that the victim, group of victims, or any property is the object of the offense because of the victim's actual or perceived race, color, religion, national origin, sex, sexual orientation, gender, mental disability, or physical disability then the court can apply an enhanced penalty.

HB 426 designates five misdemeanors available for enhancement, and are as follows: simple assault; simple battery; battery; criminal trespass; and misdemeanor theft. For these misdemeanor offenses, the sentence imposed is imprisonment for a period of at least six months but not more than 12 months with a fine not to exceed $5,000. The enhancement can apply to any felony, with the sentence imposed of imprisonment for a period not less than two years and a fine up to $5,000.

The bill requires the judge to state when the sentence enhancement is imposed and the amount of increase of the sentence is due to the hate crime penalty statute. Moreover, when a law enforcement officer investigates an incident of a crime in which it appears to the defendant intentionally selected the victim(s) in violation of the hate crime statute, the officer must submit to his or her supervisor a written report of the incident entitled "Bias Crime Report". The report will be used for statistical purposes only, and when no arrest is made will not be subject to open records. All law enforcement must report to the Georgia Crime Information Center all incidents involving alleged criminal violations of the hate crimes statute. The GBI will compile and analyze the statistics of such reports and annually publish the findings in the Georgia Uniform Crime Reports.

Motions to Agree: (A motion to agree represents final passage of the bill.)

Bill Summary:  House Bill 838 renames the recently established Office of Public Safety Officer Support at the Department of Public Safety to the Office of Public Safety Support. The bill also establishes the "Peace Officers Bill of Rights" which establishes procedures for when a peace officer of this state is under investigation by members of a law enforcement agency for any reason that could lead to disciplinary action, suspension, demotion, or dismissal.

SB 435  "The Debbie Vance Act"; court imposing sentence may grant the relief of vacatur for convictions and sentences of defendants; provide
Bill Summary: Senate Bill 435, 'The First Survivors Act', provides relief to proven victims of human trafficking from sentencing and punishment for crimes committed while being trafficked.

A defendant convicted and sentenced for an offense as a direct result of being the victim of human trafficking may petition the court to vacate the conviction. The petition must be submitted on the appropriate form promulgated by the attorney general, along with a copy of the defendant's criminal history background check, no earlier than six months following the conviction and sentencing for a misdemeanor and one year following a completion of sentencing for a felony. The petition may include certain documentation of the defendant's status as a victim of an offense of human trafficking. Defendants with an outstanding warrant may not file a petition.

If the prosecuting attorney consents to set aside the conviction or fails to respond to the petition within 30 days, the court shall, without notice or hearing, issue an order vacating the convictions and sentence and restrict access to criminal history record information for the offense. If the prosecuting
attorney objects, the court shall hold a hearing within 90 days of the filing of the petition. If the court finds, by a preponderance of the evidence, that the defendant committed an offense as a direct result of being a victim of human trafficking, the court may issue an order vacating the conviction and sentence. If ordered, the court shall also issue an order restricting access to criminal history record information for the offense.

Finally, the bill amends the Code as it relates to the Georgia Crime Information Center to allow for the restriction of access to a defendant's criminal history record information in accordance with the intent of the bill.

SB 318  Education; public forums at public institutions of higher education; provide

Bill Summary: SB 318 is the 'Forming Open and Robust University Minds (FORUM) Act'. The bill provides that the unrestricted outdoor areas of the campuses of the University System of Georgia and the Technical College System of Georgia's institutions are public forums for their campus communities. The institutions will not prohibit expressive activities in those areas or designate any campus areas as a "free speech zone". Institutions may maintain and enforce restrictions for expression so long as the restrictions are narrowly tailored to serve a significant institutional interest and employ criteria that is clear, published, neutral, and provides ample alternative means for expression. Restrictions must also allow the community to assemble spontaneously and to distribute literature.

Individuals may engage in expressive activities that do not materially and substantially disrupt the functions of the institution. Disruptions do not include conduct protected by the First Amendment of the United States Constitution. The bill does not prevent an institution from prohibiting student-on-student harassment or unlawful activities.

Institutions may not discriminate against, deny any benefits or privileges available to, or deny recognition to any active or proposed student organization based on actual or anticipated activities. Policies, regulations, and expectations of student expression on campus will be made public by the institution. The institutions will also develop materials, programs, and procedures regarding student expression for all individuals responsible for the education or discipline of students.

The State Board of the Technical College System of Georgia will publish an annual report related to its actions on free expression. The report will be shared with the governor and General Assembly on July 1 of each year.

SB 289  Ad Valorem Taxation of Property; mobile homes procure permits and procure and display decals; remove the requirement

**Bill Summary:** Senate Bill 289 requires courts and the Georgia Tax Tribunal to decide all questions of law regarding the proper interpretation of revenue and taxation-related statutes or regulations without deference to the Department of Revenue's interpretation of the statute or regulation in dispute. The Department of Revenue retains deference to properly promulgated regulations unless the court finds that a taxpayer has a superior interpretation of ambiguous statutory language.

SB 402  Bonds and Recognizances; conditions for unsecured judicial release on a person's own recognizance; provide

**Bill Summary:** Senate Bill 402 amends Code Section 17-6-12, relating to the discretion of courts to release a person charged with a crime on their own recognizance, to specify certain bail-restricted offenses. It renames the release of a person on his or her own recognizance without a purported dollar amount through secured means or property as an "unsecured judicial release." The bill specifies that a person charged with a bail-restricted offense shall not be released on bail on unsecured judicial release for pretrial release programs, release and diversion programs, or intervention and diversion programs. Additional references in the Code to the release of a person on "his or her own recognizance" are replaced with "unsecured judicial release."

Any bond issued by an elected judge or judge sitting by designation that purports a dollar amount shall be executed in the full-face amount of the bond through secured means or shall be executed by use of property. This shall not prohibit a sheriff from releasing an inmate from custody in cases of medical emergency with consent of the judge.
