

Rural Development Council

State of Nursing In Rural Georgia

Richard Lamphier, RN
Georgia Nurses Association

September 7, 2017

Objectives

- Identifying Key Stakeholders
- Best Practice to Alleviate Rural Nursing Shortages
- Status of Nursing in Georgia

Stake Holders

- Education
- Business Leaders
- Foundations
- Federal, State, Local Governments

Education

- Technical Colleges-Hope Grants for LPN's
- Online Colleges
- Bridge Programs for Registered Nurses
- Under/Post Graduate Rural Health Tracks

Cost of Education

- LPN \$4,000-\$5,000 As high as \$10,000
- RN ASN \$12,000-\$48,000
- RN BSN \$50,000-\$200,000
- APRN \$85,000-\$300,000

Nursing Debt

- RN \$50,000-\$150,000
- APRN's \$35,000-\$50,000
- CRNA \$80,000-\$100,000

Funding Education

- Hope Grant for Technical Colleges
- Hope Scholarships
- Corporate Sponsorships
- Foundation Scholarships

Business Leaders

- Corporate Incentives
- Onsite Healthcare
- Emergency Preparedness
- Encourage Back to School Programs

Business Leaders

- Onsite Gym or Memberships
- Support Health and Career Fairs
- Survey Employees “Dream Job”

Healthcare Organization's

- Flex Schedules
- Benefit Packages
- Funding College Funds
- Promote Cost of Living

Foundations

- Identify Healthy Philanthropist
- Nursing Scholarships
- Communicating to Students
- Sponsoring Nurses who Move

Federal Government

- Federal Funding
- Monitor Federal Benchmarks
- Federal Educational Opportunities
- Federal Healthcare Centers

State Government

- Encourage Work Force Data Collection
- Scope of Practice for Nurses
- Invite Nurses
- Tax Credits For Preceptors/Rural Practice

Local Government

- Support School Nurses
- Nurses in Emergency Preparedness
- Health Fairs at City Hall or Parks
- Career Fairs

Best Practice

- Needs Assessment
- Resource Identification
- Implementation
- Reassessment

Best Practice

- Scope of Practice
- School Nurses
- Spousal Support
- Work Life Balance

2010 Institute of Medicine (IOM) landmark study

- *The Future of Nursing: Leading Change, Advancing Health*
- Four themes:
- Nurses practice to full extent of education and training
- Improved education with seamless academic progression, promoting higher education and training
- Full partners in redesigning US health care

- Improved data collection and information infrastructure for effective workforce planning and policy

Full Scope of Practice

Future Demand for Nursing

According to HRSA study:

Licensure By Endorsement

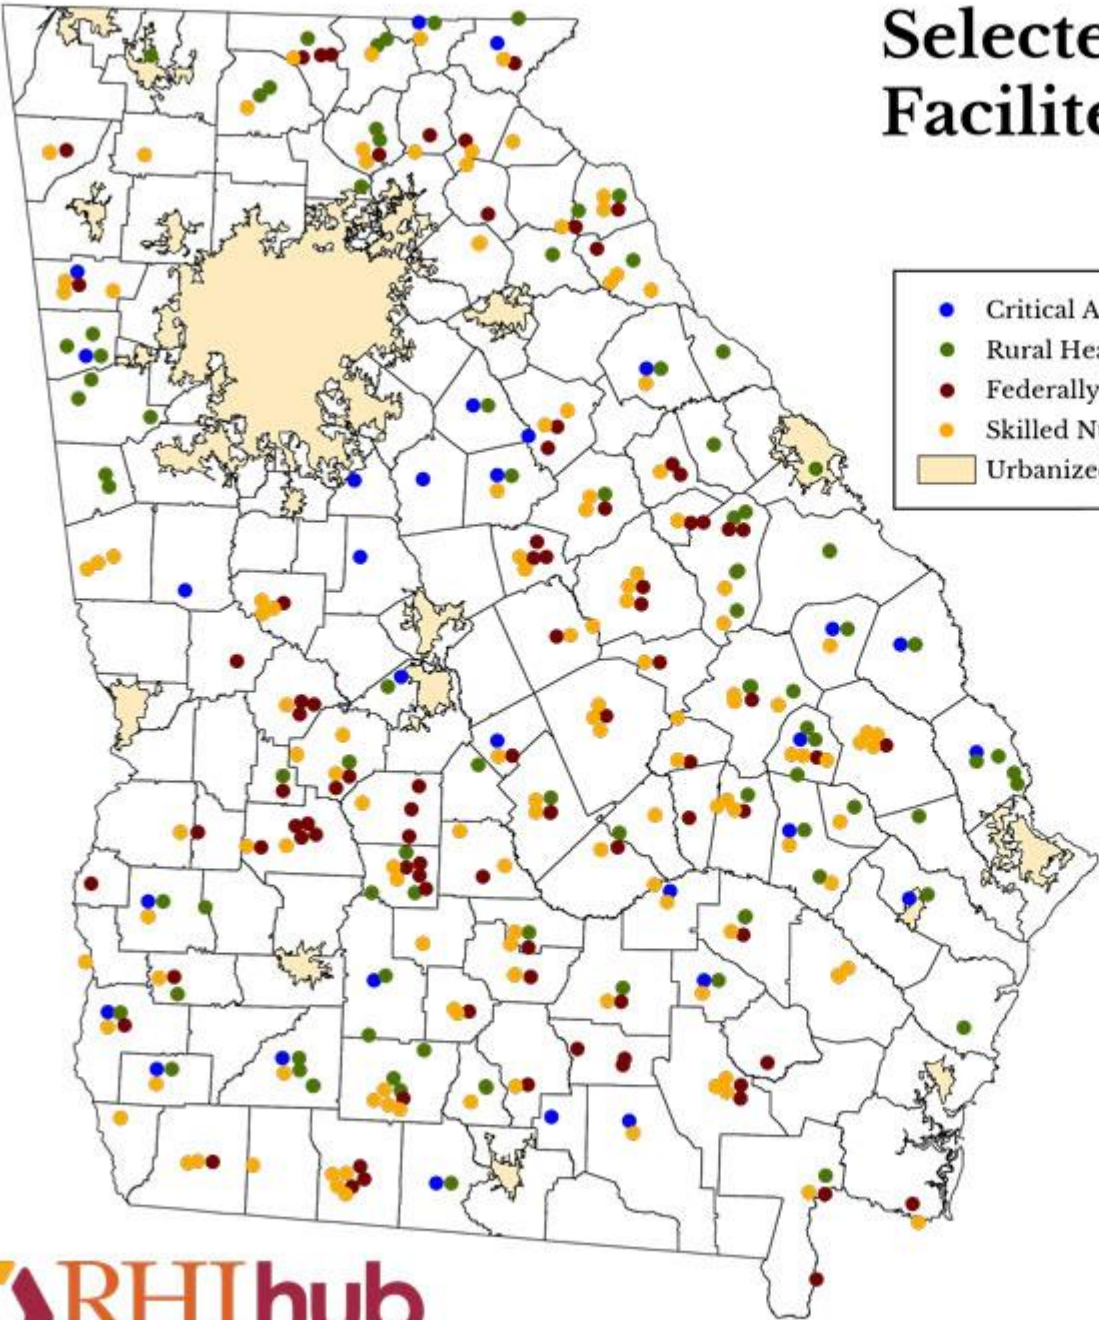

Nursing Education Program Georgia 2016 Pass Rates

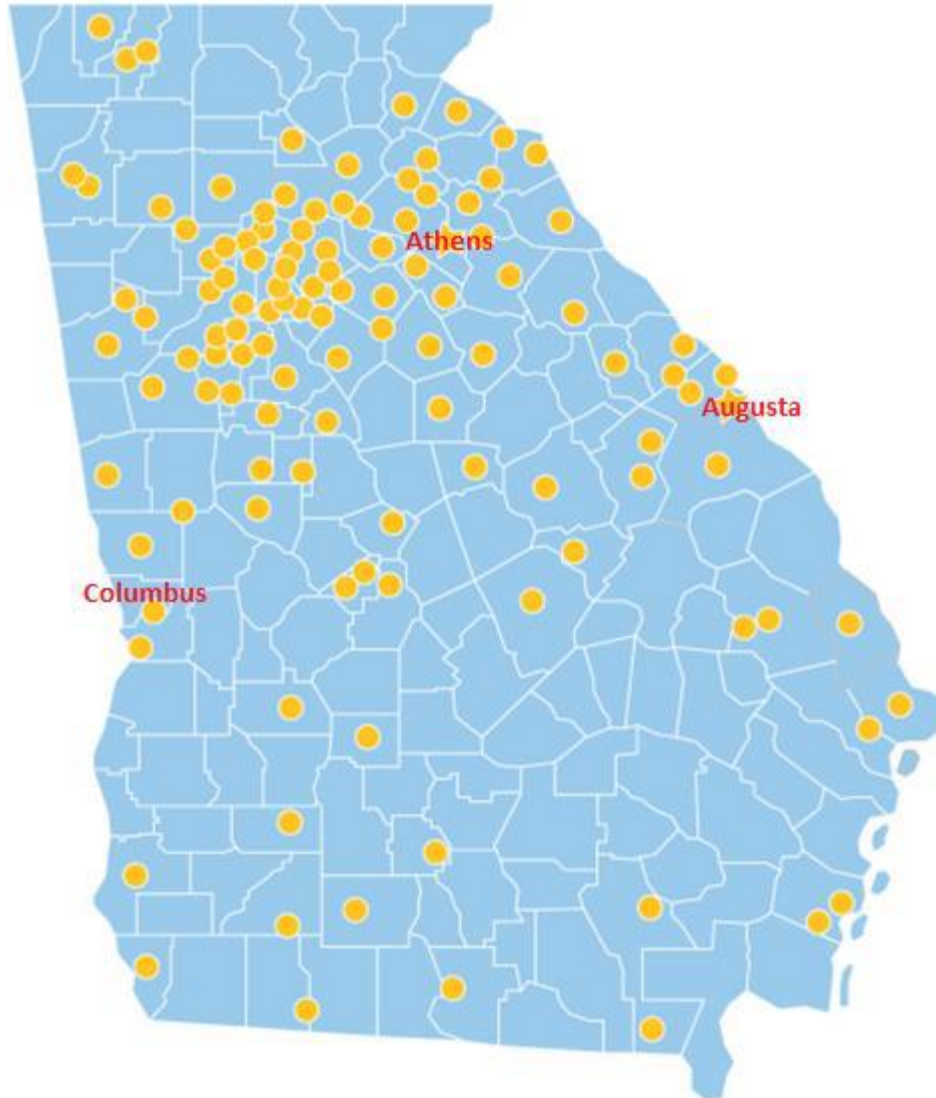

Pass Rate	Georgia	National Average
● LPN	91.25%	83.73%
● RN (ASN)	87.46%	81.68%
● RN (BSN)	83.6%	87.80%

Selected Rural Healthcare Facilities in Georgia

- Critical Access Hospital
- Rural Health Clinic
- Federally Qualified Health Center
- Skilled Nursing Facilities/Nursing Facility (Dually Certified)
- Urbanized Area

College of Nursing Teaching Locations in Georgia

Summary: Georgia Supply of Nurses

Challenges

- Lack of faculty: funding and availability
- Lack of clinical placements for students
- Above-average entry qualifications to rigorous programs
- Retirements
- Turnover Years 1 and 2 of new graduates
- Collect Workforce Data

Summary

Opportunities:

- Recruiting from other states
- Partnerships across nursing programs
- New nurse and other residencies
- Efficiencies within existing roles
- Establish Workforce data collection

Summary

- LPN's Provide a Cost Effective Entry Point
- Hope Grant
- Utilize the Federal \$43 Million for School Nurses
- Allow Non-Emergent Radiologic Exam Ordering for APRN's
- Consider Full Scope of Practice for APRN's
