COMMON CORE

Governor's and Education Chiefs from 45 states signed on to the Common Core Standards "voluntarily". **NO!** They were coerced with a bribe; the possibility of winning part of \$3.5 billion grant money, a waiver to get out of "No Child Left Behind" and a threat that if they didn't sign on, their Title I would be taken away.

COMMON CORE

The state of Georgia has accepted millions of stimulus bill money in 2009 contingent on implementing a new Federal education teaching program called

“Common Core.” Common Core is extremely controversial in 45 states.

Only in America can a group of powerful people take national math standards, eliminate the hardest parts, move skills back a few years and call them “rigorous and internationally benchmarked”.

COMMON CORE

Accepting stimulus money to launch Common Core may have been enticing to Georgia but down the road the cost of the testing is in the millions of dollars that each state must pay for each test.

America has been so busy fighting wars around the world while our domestic institutions were gradually taken over by those with negative intent.

COMMON CORE

Bill Ayers said, “We have absolute access to schools.” Ayers and Dohrn learned after their violent revolutionary Weatherman Underground acts failed to take down America they needed a new course and adopted a program outlined by Italian Marxist Antonio Gramsci (1893-1937). To change a culture Gramsci argued, “Would require a long march through the institutions-the arts, cinema, theaters, schools, colleges, seminaries, newspapers, magazines and the new medium (of the time) radio.”

COMMON CORE

Gramsci supplied the road map and liberals like Ayers, Dohrn, Geo. Soros, and Barack Obama followed the sign post. This is why Obama is not encountering any resistance. Nearly all the institutions have been slowly brain-washed into the “Collective”. Lower your shield and surrender your ship. All children will be equally trained in the Marxist Mantra of U.N. “Agenda 21” (read it by Frank York) America will no longer exist. . (1)

COMMON CORE

Obama said he would, “fundamentally transform America” in his rousing speech in Nov. 2008. Obama and his cohorts have fast tracked the process-e.g..

The Nationalization of the largest insurance company, a private company, has happened. It is called “Affordable Care Act” aka, Obamacare.

Federalization of the largest banks in the country has happened.

COMMON CORE

“Cash for Clunkers”

costing tax payers initially \$1 billion and ended up costing \$2 billion to lower emission rates and auto investors lost all their stock. He bankrupted the auto industry.

COMMON CORE

The petroleum industry is under attack and B.P. may be led to bankruptcy and another “too big to fail”. Obama is waging an all-out war on America’s energy companies through a relentless barrage of executive orders and EPA.

COMMON CORE

Climate change and “Global Warming” is used to intimidate Americans using false data and rigged statistics. NIPCC a Non-Governmental International panel on climate change has, on April 9, 2014 released an in depth report on the fallacies of Global Warming. Remember the goal of Global Warming is to suck the U.S. into higher taxes and into the U.N. (2)

COMMON CORE

I won't even go into "gun control" at this time but be sure, the Feds. WANT your guns to leave you defenseless. Tyrants fear an armed populace.

COMMON CORE

Georgia State Senate Bills SB 167 and SB 203 which would have removed Georgia from Common core failed in the legislative session. One columnist suggested, “They just don’t have any skin in the game.” The people of Georgia had no opportunity to vote out Common core and now it must be stopped. Common Core is a further “dumbing down” of students across America and parents and educators are resisting the C.C. program.

COMMON CORE

Pioneer Institute of Public Policy and Research Center for school Reform indicates the following:

COMMON CORE

FACT: Adopting common standards means bringing all states standards down to a mediocre common denominator. Thus states with higher standards are actually taking a step back.

COMMON CORE

FACT: Common Core is NOT internationally benchmarked yet study in a common core appendix indicates they are.

COMMON CORE

FACT: English language arts/literature standards are mostly vague descriptions of skills and do not contain recommended title or author. The standards de-empathize the study of fiction literature and would leave out great authors of history and literature.

Pioneer Institute of Public Policy Research Center has much more regarding fiction and facts of Common Core but too lengthy to list here. (3)

CRIMINALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

Public schools are essentially preparing children for life in a “Police State”. A child’s records are data-mined by a program called SLDS for the Federal Government and any small infraction will be on his/her record forever and eventually could follow into the workplace.

SLDS Statewide Longitudinal Data System is an Orwellian nightmare.

CRIMINALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

The program data is stored in yet another program called “IN BLOOM” managed by the Bill Gates Foundation. SLDS is the digitization of your child’s academic records including: grades, evaluations, age & date of birth, address, Social Security #'s, medical information, arrest reports, family income, religious affiliation, divorced, incarcerated, foster care, abused and even workplace behavior. SLDS has a total of 400 possible data information points. (576)

CRIMINALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

Department of Education report released in February 2014 indicates SLDS could one day implement monitoring techniques such as MRI (scanning ones brain function) as well as using cameras to judge facial expressions, an electronic seat (a child's) posture, a pressure sensitive computer mouse and a biometric wrap on children's wrist.

CRIMANALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

Some schools have even gone so far as to require students to drape a Radio Frequency Identification (RFID) tags around their necks. Some 4,200 students at Jay High School and Jones Middle School in San Antonio, Texas are convenient guinea pigs for the Student Locator Project, which required students carry “smart” I.D. cards embedded with RFID Tracking chips. School officials plan to expand the programs to the district’s 112 schools with student population of 100,000 students. (576)
(Note they are not even in common Core)

CRIMANALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

Some schools in N.Y., PA., New Jersey, and Missouri gave wrist watches to students that are tracking student’s vital signs and eating habits. (580)

IN 2010 it was revealed that Pennsylvania school district had given students lap tops with software that allowed school Administrators to track their behavior at home. **(583)**

CRIMINALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

“WHY”?

CRIMINALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

This Revelation led to the threat of a class action lawsuit, which resulted in the school district settling with irate parents for \$600,000.

Stephanie Austin of the American Academy of Environmental Medicine advised school to use Safe Technology such as hard wiring related to the dangers of wireless radiation.

CRIMANALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

All of this is an enormous violation of the parent’s rights to privacy under the FERPA act of 1974 .- Family Educational and Privacy Act under President Gerald Ford has been totally & illegally usurped by the D.O.E.

Minor behavior infractions at school such as shooting spit wads may have warranted a trip to the principal’s office, in-school detention or a phone call to one’s parents.

CRIMINALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

Today they are elevated to the level of criminal behavior with all that implies. Students are now being forcibly removed in the back of a police squad car, then to holding cells, until their frantic parents can get them out.

CRIMINALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

EXAMPLE’S:

CRIMINALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

Nov., 2011 a 14 y/o in Brevard County, Fla .a student was suspended for hugging a female friend, an act which evens the principal acknowledged as innocent. (555)

CRIMINALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

A 9 year old in Charlotte, N.C. was suspended for sexual harassment after a substitute teacher overheard the child tell another student that the teacher was cute. (556)

CRIMINALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

A 6 y/o in Georgia was arrested, handcuffed and suspended for the school year after throwing a temper tantrum in class. (557)

CRIMINALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

A 6 y/o boy in San Francisco was accused of “sexual assault” following a game of tag on the playground.

CRIMINALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

A 6 y/o in Indiana was arrested, handcuffed and charged with battery after kicking a school principal. (559)

CRIMINALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

A high school student in Indiana was expelled after sending a profanity laced tweet through his Twitter account after school hours. The school had been conducting their own surveillance by tracking the “tweeting” habits of all schools.

CRIMINALIZATION OF AMERICAN SCHOOL CHILDREN WITH “ZERO TOLERANCE”

With that you have the making of a perfect citizenry for the Orwellian Society—One that can be easily be cowed down.

SHOCKING ILL CONSIDERED ASSIGNMENTS

The following are assignments given out by teachers about slavery. Were these their own ideas or suggested to them by C.C. script?

SHOCKING ILL CONSIDERED ASSIGNMENTS

In February 2013, a Manhattan teacher caused uproar after fourth graders were given a math problem based on how many daily whippings a slave received. (4)

SHOCKING ILL CONSIDERED ASSIGNMENTS

January 2013, Georgia educators attempted to teach division by asking how many beatings per day former slave and abolitionist leader Frederick Douglas received.

(www.timesunion.com)

SHOCKING ILL CONSIDERED ASSIGNMENTS

January 9, 2012 Beaver Ridge Elementary School in Norcross, GA. assigned the following math problem for third graders. 1. Each tree had 56 oranges. If 8 slaves pick them equally, then how much would each slave pick? 2. If Frederick got two beatings per day, how many beatings did he get in 1 week?

SHOCKING ILL CONSIDERED ASSIGNMENTS

Language Arts assignments in Albany ,N.Y. called it beyond reason according to the newspaper article. Students were told, “You do not have choice in your position. You must argue that Jews are evil. Use solid government propaganda and convince me of your loyalty to the third Reich”. Students were asked to watch and read Nazi-propaganda then pretend their teacher was a Nazi official who needed to be convinced of their loyalty. In five paragraphs they were required to prove that Jews were the source of Germany’s problems. The assignment was given to three classes but 1/3 of the students had the courage to say **NO** and refused to do it. (5)

SHOCKING ILL CONSIDERED ASSIGNMENTS

One Mother is sure there is an agenda. “This is purposeful, and it’s horrible--- there should be nationwide outrage----what they are getting away with is beyond reason!! Why didn’t they ask these children to write an article condemning the Nazi regime and fascism for the death of millions of Jews, Christians, homosexuals and protestors? Why? Because they have an agenda! And the agenda is promotion of both Communism and Fascism in American schools.

SHOCKING ILL CONSIDERED ASSIGNMENTS

May 4, 2014 ABC eyewitness News reporter, Amy Powell reports that the Rialto, CA. Unified School District came under fire for their “critical thinking” that was given to 8th graders to write, “Whether or not they believe that the holocaust happened.” Parents were outraged as well as the Anti-Defamation League, a Jewish legal organization that defends the rights of Jewish peoples. This is called “Critical thinking” in student’s?

SHOCKING ILL CONSIDERED ASSIGNMENTS

Reported May 29, 2014 @ 8:56 P.M. Adjunct Temple University Professor Allesio Lerro questioned the deaths of 6 million Jews in the Holocaust and engaged in what human rights observers described as anti-Semitic discourse. He is entitled to promote his controversial ideas, according to a University spokesman who spoke to the Washington Free Beacon.

Ela Spears, an Arkansas mother was particularly disturbed when her daughter brought home a history assignment to “prioritize, revise, prune two and replace two” Amendments in the Bill of Rights. The home work part of the controversial Common Core curriculum stated that, “The Bill of Rights is outdated and may not remain in the current form any longer.”

PARENTS AND TEACHERS COMPLAIN

Susan Kimball, a kindergarten teacher of 20 years in the Sikeston Missouri's Public School District, gave an emotional testimony before the Missouri Senate Education Committee last week that she had been bullied and intimidated once her colleagues learned that she believed Common core would be bad for her students. She was told in a Faculty Meeting in January and I quote, "Be careful what you put on Facebook! Don't say anything negative about Common Core it could affect your job."

PARENTS AND TEACHERS COMPLAIN

One question for a 1st grade Psycho-Social check list from Central Community School system (location crossed out) was “Sexual Identity Issues”, the parents were outraged that their little child was asked to fill it out citing inappropriate for a little boy.

PARENTS AND TEACHERS COMPLAIN

Gigi Guiliano another mother who got involved in campaigning against Common Core once she noticed a change in her ten year old son. “I would pick him up and he was always happy, now I pick him up and after the first week of school he got in the car and he said, “Mom, I’m never going to smile again” and that broke my heart. After checking to see if he was being bullied or having problems at school, Guiliano realized he was reacting badly to the hasty implemented new curriculum.

At that point she began to investigate the issues, and later became active in the fight against it. (Fox News 3-29-14)

PARENTS AND TEACHERS COMPLAIN

It's back-to-school season across the country. But in an increasing number of districts, "back to school" doesn't mean back to learning. Under the reign of social justice indoctrination, academics are secondary to political agitation. Activism trumps achievement.

PARENTS AND TEACHERS COMPLAIN

April 7, 2014 Pauline Hawkins teacher at Liberty High School, Colorado Springs, Colorado turned in her resignation stating, “I can no longer be a part of a system that continues to do the exact opposite of what I am supposed to do as a teacher.

I am supposed to help them think for themselves, help them find solutions to problems; help them be productive members of society. Instead, the emphasis on Common core standards and high-stakes testing is creating a teach-to-the –test mentality for our teachers and stress and anxiety for our students. Student have increasingly become hesitant to think for themselves because they have been programmed to believe that there is one right answer that they may or may not have been given yet. (Pauline wrote much more – attached) (continue Pauline’s last paragraph.)

PARENTS AND TEACHERS COMPLAIN

My final plea as a district employee is that the principals and superintendents ask themselves the same question I have asked myself.” Is this good for kids? Is the state money being used wisely to keep and attract good teacher’s ? Can the district do a better job of advocating for our children and become leaders in this educational system rather than followers? With my resignation, I hope to inspire change in the district I have come to love. As Benjamin Franklin once said: “All mankind is divided into three classes: Those that are immovable, those that are movable, and those that move.” I want to be someone who moves and makes things happen. Which one do you want to be?

Sincerely—[Pauline Hawkins.com/2014/04/07myresignation-letter](http://PaulineHawkins.com/2014/04/07myresignation-letter)

PARENTS AND TEACHERS COMPLAIN

- Utah physics teacher Stuart Harper resigns over Common Core. This gentleman had a distinguished, successful career in teaching for many years. He wrote an expose of Common Core which was published in the St. George, Utah paper and he was severely scolded by his superiors. During the meeting with the districts representative “ to put me back in line I was told that I was shallow, ignorant and emotional in the way I wrote my concerns and that by writing things like this I would create rebellion and insubordination across the district. (cont.)

PARENTS AND TEACHERS COMPLAIN

I was told I can have an opinion with other states educational systems but as a teacher in the state of Utah I cannot be concerned with my own state's educational affairs. I reminded them that my intent was not to promote rebellion, but to simply encourage personal research on the subject and exercise freedom of speech on my off time, as a citizen and father." I was told, "Those freedom of speech rights you are probably referring to do not apply here." There is much more on the internet regarding Mr. Stuart Harper. www.utahnsagainstcommoncore.com/utah-physics-teacher-stuart

PARENTS AND TEACHERS COMPLAIN

May 13, 2014 by My Fox Atlanta: Fulton County, GA- a homework assignment has one Fulton County Mother furious and demanding answers. Zakia Coleman was shocked when she read words such as “weed” and “joint” in her son’s “drug awareness” assignment. Her son is 8, is a third grade student at Cleveland Avenue Elementary School. “When I saw the words marijuana I just thought it was completely inappropriate. He didn’t even know how to pronounce it, he didn’t know what it was,” said Coleman. Coleman tells FOX 5 she supports drug awareness, but this assignment is too graphic for a 3rd grader. She said school should have prepared parents before sending children home with that kind of work. FOX 5’s Nathalie Pozo reached out to Atlanta Public Schools and they said they are investigating the situation.

- 5. Jodi Picoult: Nineteen Minutes**

The Desecration of Childhood

These are the few of the titles I found and after reading the excerpts they are not suitable for any school but are in assigned reading across the U.S. in Common Core. Common Core demands that teachers teach informational text from 50% to 70% of the time. Time honored classics will be dropped because they take large blocks of time to teach. In their place, offensive, sexualized books as above visit pornographic will take over the student's classroom and their minds.

The Desecration of Childhood

Not only are such books highly offensive to those who hold traditional values (e.g., belief in personal responsibility, self-discipline, respect for authority, self-control, a solid work ethic, respect for other people, traditional marriage). But they also serve a purpose for those who are trying to indoctrinate this and future generations to hate America and to trash American exceptionalism. A steady diet of portraying ethnic/racial characters always as victims and saturating these books with foul language is bound to warp students' minds.

The Desecration of Childhood

These reading materials are designed to “groom” young people and leave them vulnerable to molestation and sexual abuse. “Grooming” is the process by which a predator desensitizes a young person to sexual contact. A predator that is in position of authority, such as a coach, teacher or counselor, uses his position to befriend a child and eventually to abuse that child. One of these steps in “grooming” is to expose the young person to graphic sexual material such as pornographic photos, stories and movies.

The Desecration of Childhood

When the child is used to the idea that “everyone does” these sexual acts, the predator has his victim prepared and ready for molestation. The book *Monster* by Walter Dean Meyers includes a description of a homosexual gang rape and the use of a butt plug.

The Desecration of Childhood

In New York, a Common Core education portal encourages teens to sex survey sites where they are asked if they want to participate in a threesome or a gang-bang among other acts. All these recommended sites are disgusting and despicable material are vilified by a complicit media and the education establishment. (6)ble. Parents who object to this sexual

White House “safe schools” (2009-2011) Czar Kevin Jennings pushed the homosexual agenda to kids in America’s schools. But Shulte said a later review of the video prompted her apology.

Schulte's apology came after a School Board member contacted Janesville superintendent to issue apology for "Kids React to Gay Marriage. The Fremont Unified School District, Fremont, CA. quickly removed the book “YOUR HEALTH TODAY” after angry group of parents went on the warpath. According to board meeting minutes, “after listening to feedback” from parents and other community members, use of the text was put on hold “pending further vetting of concerns expressed with some of its perverse sex-ed content and its use.”

Mass Resistance

Brad Dacus of the Pacific Justice Institute who took up the parents cause, says the book- which had been approved by the school board in late June- is totally inappropriate for 14 year old ninth graders.

“What it promoted was so perverse, so outrageous, and so objectionable that hundreds of parents who normally wouldn’t be involved signed petitions and have been just majorly communicating to the school district their outrage, “he tells One News Now.

Mass Resistance

Dacus says the book deals with subjects as bondage, sex toys, and other salacious subjects he preferred not to describe during the interview. According to the attorney, using Your Health Today for 9th graders would be a clear violation of the California Education Code. “No school board, regardless of their ideology, is above the law” he adds. Another school accommodates gender-neutral restrooms. An Illinois public university is joining a growing list of more than 150 schools across the country that now offers gender-neutral bathrooms.

YOUR CHILDREN BELONG TO US!!

Vladimir Lenin said “Give me four years to teach the children and the seed I have sown will never be uprooted.” He was referring to the Luciferian Communist Party’s child education- aka- indoctrination –system. Common Core appears to have all of the earmarks of the old USSR’S programming system for children with several new innovative and chilling twists. It is also firmly tied to Agenda 21- the land-grabbing and human suppression and depopulation program.

YOUR CHILDREN BELONG TO US!!

The comparison of Nazism and Common Core (CC) are uncanny. One such comparison is that Nazism had Leaders and Master Teachers in the National Socialist Teachers League that visited schools and kept data files on Teachers. The Obama Administration recently announced \$ 1 billion for 10,000 Master teachers (MT'S) to train Teacher's on CC and the MT'S will keep data files on students and Teachers. Students will be taught to spy on parents and teachers.

YOUR CHILDREN BELONG TO US!!

CC will have students as young as 5 participating in the evaluation of Teachers. In Nazism, the curriculum was rewritten to provide a Nazi (government) approved curriculum Common Core curriculum is being rewritten to provide global approved curriculum. Nazism kept huge data files on students with over 400 different data points on each child, their family and teachers from pre-kindergarten to workforce....and one final comparison is Nazism had strong Unions (NSTL) .

YOUR CHILDREN BELONG TO US!!

NOTE: The American Federation of teachers, the National association of Teachers, the United Federation of Teachers joined in calling for a 2 year moratorium on the consequences attached to the test scores and teacher evaluation in Common Core per the Daily Signal June 13, 2014.

YOUR CHILDREN BELONG TO US!!

Our children will suffer at the hands of Common Core. They will no longer be able to have dreams and goals but only those that the government wishes them to have (UNESCO-A21) If this isn't Nazism, Communism, Marxism and all the "ism's", I don't know what is.

YOUR CHILDREN BELONG TO US!!

The worst part is they are lying to parents and teachers about what Common Core really is and the effects it will have. Teachers don't even realize that their jobs are in jeopardy for if they do not conform, they will be removed by the MT'S crew. But, then again, were not the people of Russia, Germany etc. all deceived until it was too late?

YOUR CHILDREN BELONG TO US!!

In addition to the above, according to the Dept. of Educations own document, “Grit, Tenacity and Perseverance”, in which they outlined the data mining methods that will be used on the children which I previously detailed under the “Zero Tolerance” and SLDS program. And, if that is not enough MasterTeachers will be instructing the Teacher’s not to teach our nations framework or any form of nationalism.

YOUR CHILDREN BELONG TO US!!

Instead they will be trained to be “good global sustainable citizens” prepared for a global workforce not our proud heritage as we were taught. They will become a “managed workforce” for the New World Order.
